<https://zhengzhou-huang.me/>

Homepage Design for Voyageurs Creative Bureau, LLC. (VCB)

I incorporate elements from cyanotype, watercolor and paper ball cut-out shapes. As you interact with the website, one image/background/page morphs into another through animated paperball cutout shapes. This effect can be achieved using SVG path animations as well as SVG masks and clips.

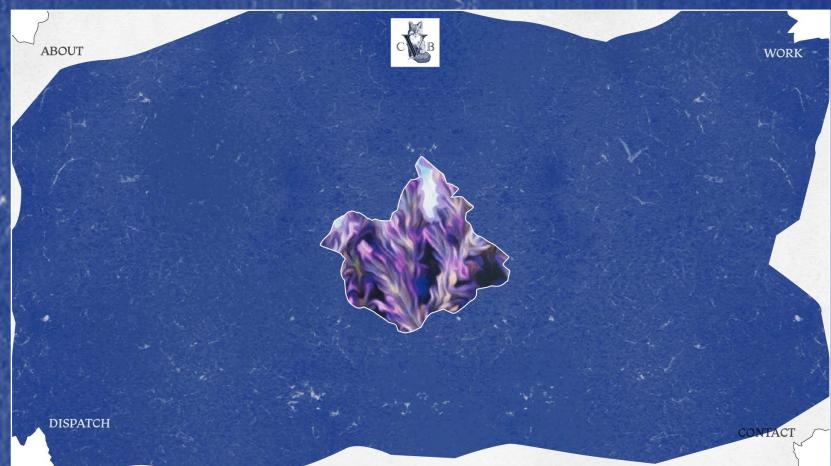

When scrolling, the shape of the paperball cut-out that contains a preview image will change. So does the background.

The paperball cut-out decreases in size while changing its shape, simialr to folding.

The blue, textured background unfolds behind the paperball cut-out.

A new cutout shape with a new preview image unfolds.

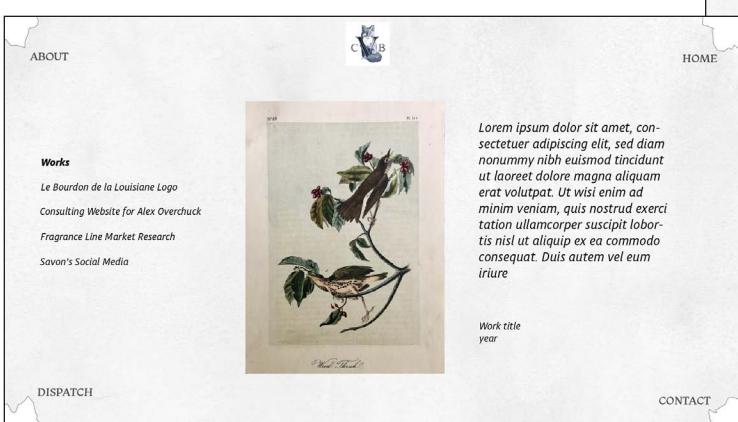

Menu buttons locates at the four corners of the webpage.

After a click, one page transitions into another as a white overlay unfolds.

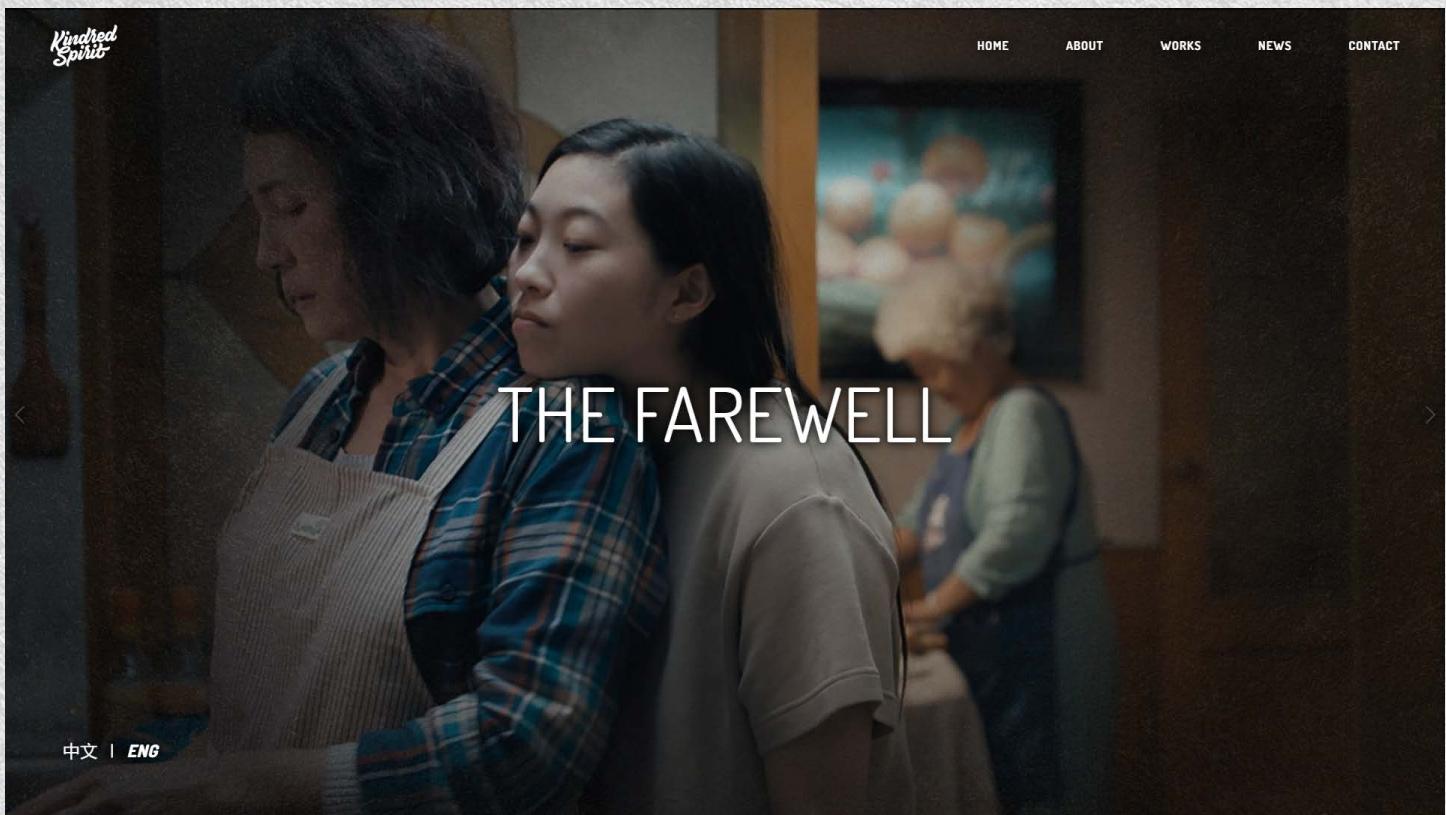

This homepage design may apply to other pages as well, i.e. the Works page.

Images unfold after it finishes loading.

The structure of images and texts is implemented with CSS flex, so that it responds to different screen sizes.

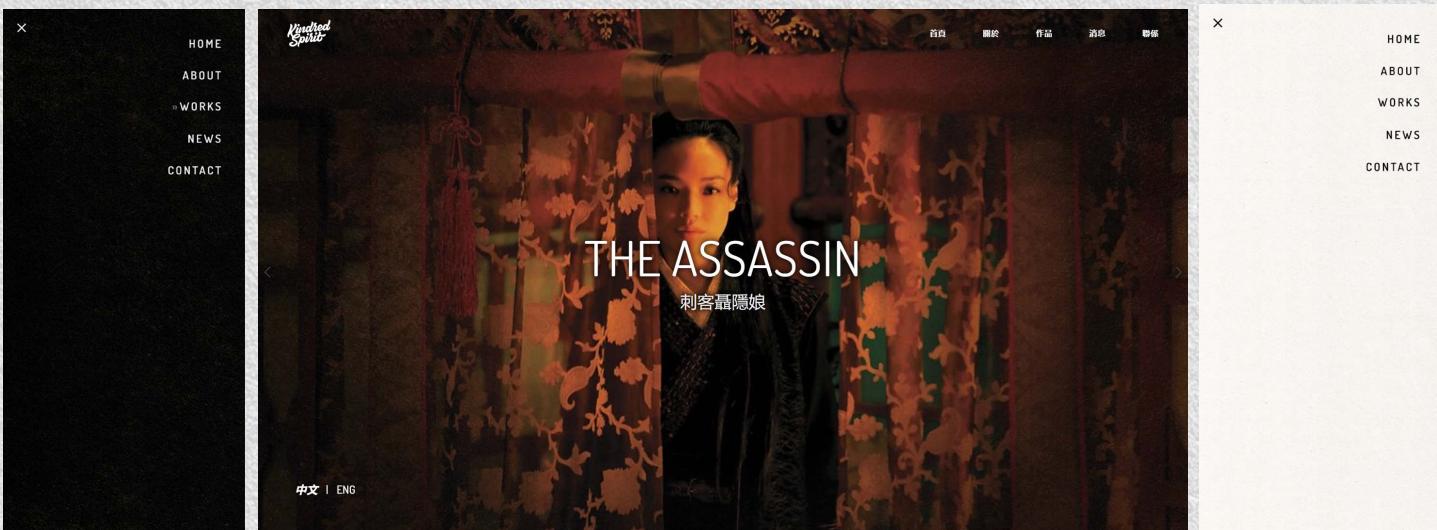

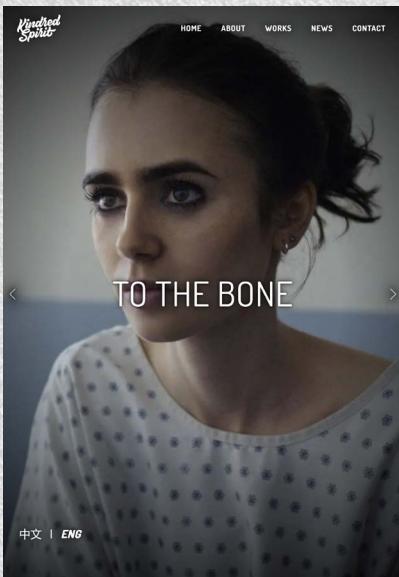

Web Design and Development Project: Kindred Spirit

Collaborated with a design freelancer, Zhengyang Huang, I designed and developed the website for a film production company, Kindred Spirit. The final website embraces a simple aesthetics that enhances the company brand image using company logo elements and core images. The website also features both Chinese and English versions. It is developed using HTML, CSS on Squarespace.

View the website here: <https://www.beakindredspirit.com/>

ABOUT

Kindred Spirit is an entertainment development, production, and financing company based in Los Angeles. Founded by producer Anita Gou, the mission is to curate purpose-driven and boundary-pushing storytelling in film, television, and new media, with a focus on emerging voices and visionary auteurs.

Anita Gou is a film and multimedia producer who grew up between Taiwan, Hong Kong, China, and the US. Her upcoming films include Agnieszka Smoczyńska's English language debut *The Silent Twins* (starring Letitia Wright & Tamara Lawrence) for Focus Features, premiering at the 2022 Cannes Film Festival's Un Certain Regard section. She previously produced one of the highest grossing independent films of 2019, *The Farewell* (starring Awkwafina and Henry Golding) (starring Shia LaBeouf and Lucas Hedges) released by A24 and Amazon Studios respectively. *The Farewell* went on to receive a Golden Globe nomination for Best Foreign-Language Film, a Golden Globe award for Best Actress in a Musical or Comedy Motion Picture, as well as an Independent Spirit Award for Best Feature. Anita Gou was included in the 2019 Forbes 30 under 30 list, and was named one of the 10 Producers to Watch by Variety. Past works include: *FOUND* (Netflix, 2020); *Together Together* (Sundance 2021, Bleecker Street); *Assassination Nation* (Sundance 2018, NEON); *Terminal 3* (Microsoft Hologram project, Tribeca 2018); *To the Bone* (Sundance 2017, Netflix); and *The Assassin* (Cannes 2015, Well Go USA).

Anita Gou, Producer/Founder

Sam Intili joined Kindred Spirit at the beginning of 2022. As Head of Creative, they oversee the production and development slate while cultivating talent relationships and bringing in new material. Sam Intili began their career at FilmNation Entertainment, assisting with international sales effort on films such as Pedro Almodóvar's *Pain & Glory*, Sebastian Lelio's *Disobedience* and Lisa Joy's *Reminiscence*. More recently, Sam worked at Animal Kingdom where they focused on sourcing financing and distribution for visionary, emerging filmmakers. Much of their work focused on bridging the gap between the American independent film industry and storytellers making work in other parts of the world. Sam has served as an executive producer on a number of forthcoming features including Andrew Cummings' *The Origin* and Joaquin del Pino's *The Hole in the Fence*. They are also producing Jane Schoenbrun's feature *I Saw the TV Glow*.

WE ARE LITTLE ZOMBIES

When four young orphans first meet, their parents' bodies are being used to make zombie dolls. They are zombies; devoid of all emotion. With no family, no future, no dreams, and no way to move forward, the teens decide that the first step is to find a way to bring them back to life. They console, an old electric bass, and a charred wok from their former homes—just enough to start a band...and then conquer the world.

FOUND

FOUND is a feature documentary that follows the story of three American women who search for answers about their past after they are blood-related cousins on 23andMe. Their online meeting inspires the young women to confront the burning questions they have about their lost history. When they meet for the first time, they embark on a once-in-a-lifetime journey to China in search of answers.

文

TERMINAL 3

An interactive, augmented-reality documentary that explores contemporary Muslim identities in the U.S. through the lens of an airport interrogation.

As viewers put on the Microsoft Hololens, they step into the role of a Muslim imam, and determine the fate of the hologram passenger before them. These interrogations become strikingly personal, especially when the participant decides if the hologram should be let into the country or not—but there is the twist.

Early Development

The Kindred Spirit website also has another design iteration that is more visually complex. The main design theme and interaction mechanism is “projection light”. Rendered videos, interactive widgets and custom styles are to be achieved through Blender 3D, HTML, CSS.

Main interaction: while scrolling, the projector light on the left will rotate, imitating a moving projector light. The text and image sections are formatted like a reel where the center section appears large and focused and those scrolled away appear smaller / further (see the left picture).

Works

Lorem ipsum dolor sit amet, consectetuer adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore magna aliquam erat volutpat. Ut wisi enim ad minim veniam, quis nostrud exerci tation

About

Kindred Spirit is an entertainment development, production, and financing company based in Los Angeles.

Founded by Anita Gou, the mission is to produce purpose-driven, cross-cultural, and boundary-pushing content aimed at a global audience.

Page Transition: after clicking a link to another page, the website will turn dark and then quickly light up after the next page is loaded, imitating a light turning off and on. Such light turning-on animation effect can be achieved with blur filter, light beam / halo image assets, and brightness filter.

Storytelling can be an act of resilience in response to change and adversity. This course examines the intersections of video, storytelling, and cultures of resilience. Through presentations, group discussions, virtual galleries and video links the students will conduct research and study artworks by diverse voices. Students will create a short mixed media video addressing a contemporary issue of their own choosing. This course is designed to help students develop a visual toolkit and a critical approach to the medium of the moving image.

This website features works by Alyssa Deering, Henry Gonzalez, Sung A. Hong, Cho Kwan(Rachel) Leung, Ellie Park, Casey Rickey, Lee Teng, Gustavo Tepetla, Mana Tyszka, Megan Wu.

Instructor: Gabriel Noguez Teaching Assistant: Zhengzhou Huang

Storytelling Et Resillience

Storytelling and Resillience is a website that shows students projects from a Design Media Arts class. The website feautres a simple and effective layout and interface for photos and videos.

Storytelling and Resillience is designed and created by my-self.

Website:

<https://classes.dma.ucla.edu/Fall20/172/>

Greta Thunberg Edit

Pick a Greta Thunberg Speech and find youtube clips that can relate or contrast with Greta's words.
Illustrate her speech with images and music.
Highlight interesting titles and graphics.
Produce a one minute video.

The Precise Moment

Go on a walk and look at the natural light.
Try to shoot in the early morning or late afternoon.
Hold your camera close. Look out for surprises, geometry and photograph something that speaks to you.

Video Essay

Create a 2-3 minute video film that carries a personal observation or comment.
Use your voice or other narrative devices.
Use your video to tell a story or make a point.
Use either film or find clips from the internet to illustrate your point.

Personal Voice over Video

Pick a passage or paragraph from your journal.
Pick something you can illustrate in a video essay.
Gather images, videos and sound from different sources.

Cho Kwan (Rachel) Leung
features Hana Tyszka

Quarantine Portrait

Make a portrait of the person you are quarantining with.
Avoid easy pose or smile.
Wait for the precise moment.
Control and diffuse the light with curtains, plants or tree branches.

Quarantine Portrait

Make a portrait of the person you are quarantining with.
Avoid easy pose or smile.
Wait for the precise moment.
Control and diffuse the light with curtains, plants or tree branches.

Virtual Shoot

Create a virtual shoot with one of your classmates.
Schedule a time and meet up online to take shots using an iPhone or a webcam.
Organize prior to the shoot:
the time, location, props, wardrobe and make up.
Make the other person feel comfortable.
Try finding what the subject wants to be represented with.

ACEA Global Homepage is a **web design and front-end development** project I initiated, designed and engineered for Advanced Continuing Education Association (ACEA). To enhance user experience and meet users' needs for smooth web interaction and fast text consumption, I designed the page with clear information structure that focuses on essential graphics, copies, and action buttons. I also employed UI animations and scrolling interactions to divide the main illustration into sections featuring different potential customers, while creating a light-hearted viewing experience.

I have also created a **demonstration purpose animation** to market and showcase the company software product.

Pigxell is a webpage online game where players purchase 3D furniture with their own photos to decorate their rooms. Pigxell features unique game interface design that connects the virtual transaction between players and the operator(NPC) in the game. The retro-style graphics and UIs are made with both 2D and 3D software. Many of the game contents are also hosted as manuals, posters and websites beyond the game.

Pigxell is a self-initiated project made by myself using Unity Game Engine, Autodesk Maya, Adobe Photoshop and Illustrator.

Exquisite Browser Corpse Project - Part 10

This is the last work of a series of group collaborated projects called Exquisite Browser Corpse.

Part 10 is a 3-day game project designed and developed by myself. Born out of daily reflecting of pandemic remoteness and looming unverainties, this game invites players to explore a valley of intermittent words, sound, and objects that somehow makes sense as a whole.

In the game, interfacing becomes actual encountering over a eerie landscape.

Remake of *Paradise Institute*

This is a week-long VR experimental interaction project. The game remakes the video installation, *Paradise Institute*, by Janet Cardiff and Miller. The original work is a physically built prop that simulates movie-watching in theatre, accompanied by layers of in-and-out-of-context visual and audio experiences. The game, while reconstructs the physical structure, adds in another layer of interaction with objects and textures.

Share Screen is a website for the Design Media Arts 2020 MFA preview show. I collaborated with a team of artist on making the graphics for the homepage and designing the mobile responsive menu of the show website using mainly Autodesk Maya and Adobe Photoshop.
